Product Parameters

| | |
|--------------|------------------------|
| Product Name | Portable power station |
|--------------|------------------------|

| | |
|----------------|------------|
| Specifications | YX-BXS250W |
|----------------|------------|

| | |
|--------------------|------------------------------|
| Capacity: | 1004.8WH |
| Type: | Lithium iron phosphate |
| AC output: | Maximum sustained power 250W |
| PV Solar charging: | 12-36VDC 200W MAX |
| Car-charging: | 12-36VDC 200W MAX |
| Cycle life: | 12000 times(70%) |
| Product weight: | 8KG |
| Product size: | 210* 130* 285(mm) |
| Warranty: | 2 years |
| Machine color: | Silver gray |

Automotive Grade Lithium Iron Battery

Needle puncture is non-flammable,
high temperature resistance, safe and stable

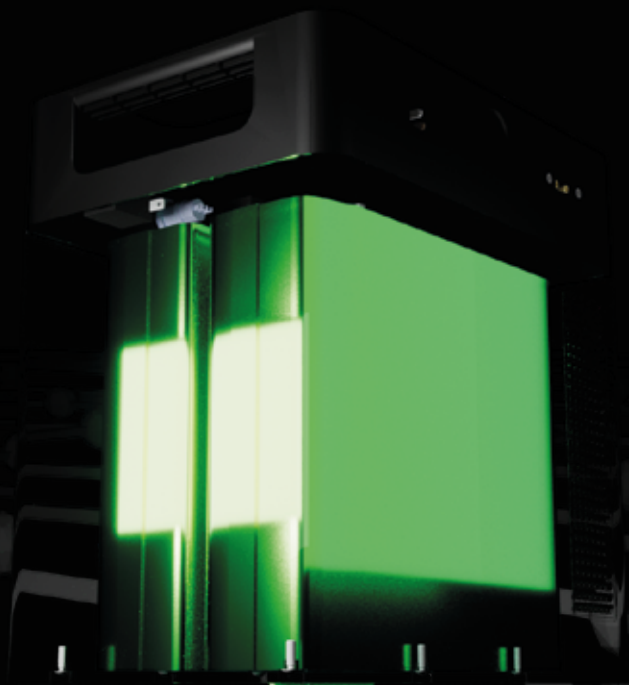

Lithium iron phosphate
outdoor power supply

12000 cycles

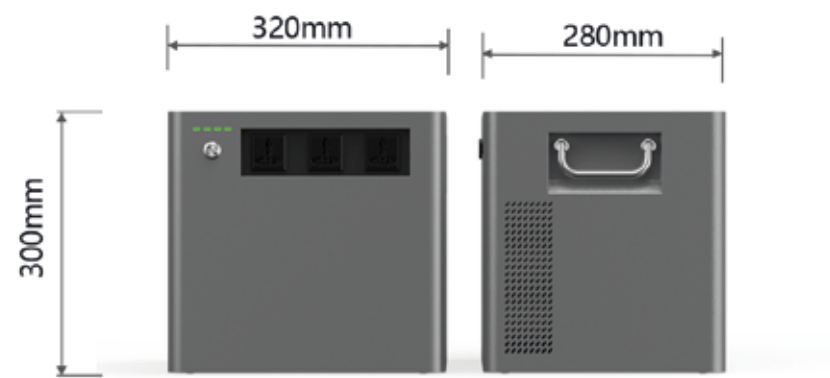

Traditional
outdoor power supply

500 cycles

Durability increased by 24 times

Product Parameters

| | |
|----------------|------------------------|
| Product Name | Portable power station |
| Specifications | YX-BXS1500W |

| | |
|-------------------------|------------------------|
| TYPE: | Lithium iron phosphate |
| Rated Output Power: | 1500W |
| Rated Energy: | 3014.4Wh |
| Battery Capacity: | 314Ah*3 |
| Maximum AC Input Power: | 1500W |
| Maximum PV Input Power: | 600W |
| Product weight: | 25.5KG+0.5KG |
| Product size: | L*W*H=320*280*300mm |
| Warranty: | 2 years |

Application Scene of Product Related Accessories

Suitable for Powering a Variety of Devices

Can be connected to multi-function expansion sockets, meeting the multi-electrical power consumption.

Optional: 200W portable folding photovoltaic solar panel, estimated to be charged in 5 hours: 1KWH.

PORTABLE POWER STATION HOUSEHOLD POWER STATION SUPPLIER

8 years of production experience in the lithium battery industry. The company is equipped with more than 200 automated production equipment and has reached cooperation with more than 5,000 customers. All products are produced by its own factory and support OEM/ODM customization services. The factory is large-scale, covering an area of 300,000 square meters and has more than 1,000 employees. With a highly independent R&D team and a complete supporting industrial chain, it has won more than 80 patent certifications. At present, the battery pack has 20+ production lines with a monthly output of up to 30W+..
